Welcome and apologies			
KD welcomed everyone to the meeting.			
1. Previous minutes			
Previous minutes approved.			
2. BFC / FAB Communications			
FAB raised a point that the information from the past meetings has been delayed in getting published on the website. This has resulted in supporters not being kept up to date with he work the FAB have been doing with the club.			
FAB Members have offered support to the Club in this area.			
JB updated the group - recruitment into the Comms Department has now been completed; This news was received most positively.			
Arrange for Comms Team to meet FAB.			JB 27/09
The FAB pictures and pen portraits are near completion. Ensure all these contact details are posted on the club website.			JB/FAB 16/10
Send FAB Club contact details to FAB Group.			
Further discussion was had on what is the most effective and simple social media vehicle through which FAB communicates with fans. Clearly word of mouth, but also contact			KD 27/09

details will be posted on the Club website for fans to email. In addition, there is an “X” site for the FAB, plus contact can be made through the BBS. FAB to review and determine best processes for fans contact	FAB 16/10
3. FAB Members’ Role Discussion centred on how the FAB could best function for the benefit of the fans. It was agreed that fans were understandably unclear as to how to best register concerns and issues with FAB. The points raised in 2 above on the Club website will go some way to fixing this. Develop central tracker for fans’ issues. Mail weekly fans questions to JB/JF. Other issues raised included the fact that fans needed to recognise that answers to questions quite often can’t be fed back within 24/48 hours and we should make people aware of that. It is also noted that members of FAB are in a voluntary position.	PG/SB 09/10 SB Ongoing
4. Catering In the first FAB meeting, members advised the Club of fans’ unrest at the increased prices of food, drink and confectionery. These feelings were echoed once more, together with the lack of clarity on some of the offers; eg the recent pizza and a pint offering. Rather than the FAB constantly bringing individual price complaints to the monthly meeting, the Group felt that it would be beneficial for the Club to make a statement on food and drink / catering prices as soon as possible. This would, at least, give the fanbase an explanation of the price hikes. In an attempt to resolve the queuing issues on match days, JB advised that the Club are planning to introduce a QR code system through which fans will be able to order food and drink from their seats, and from home pre-match. More details of this innovation to be released where possible.	JB/JF 16/10
5. FAB Meeting Other Fans’ Groups KD raised this question for debate. General feeling was that this would be appropriate but caution needed re unconscious bias; and feedback from any such meeting must also be fed back into the FAB.	

JB advised that other Fans Forum / Fan Engagement groups would continue, including the Fans' Evening with the Club's owners.	
6. Season Ticket Points KD advised that fans had contacted her regarding the fact that the system is not updating correctly. JB asked that individuals should contact / email him or the box office directly and they would resolve the situation.	JB 16/10
7. Man U Coaches Did the Club subsidise any coaches travelling to the Man U game? Yes, the club reduced the cost of the official club coaches and then subsidised the supporter groups coach travel for those who take coaches to the majority of the away games.	JB 27/10
8. FAB Content Creator Role KD advised that the remaining three applicants for the CC role did not pursue their applications after being asked to submit a two minute video of their reasons for applying. Debate followed as to whether this role should be put on hold and reviewed at a later date, or whether the role should be replaced and re-allocated to a new Coach Operators Rep. Given the complexities, it was felt that it wouldn't be appropriate to create a Coach Operators Rep.	FAB 16/10
9. i-Follow Issues PH advised that national i-Follow issues persisted. JB advised that JF has raised the issue with EFL/i-Follow and that the problems are not isolated to BFC. CL proposed that the FAB should collect the specific issues from the fanbase through the future comms channels, and feed these into BFC.	CL 09/10
